For All Applicants

Upon receipt of the application, we will call to schedule a formal visit. Your child will have the opportunity to spend the day in class with peers and participate in school activities. Teachers will administer academic assessments to any applicant entering Grades Kindergarten through 8. Our in-house assessment will help determine whether a candidate is qualified for scholastic aptitude testing, the final part of our admission process. Testing is conducted at Academy Hill School by a licensed educational psychologist.

Applications for 2020-21 are due by Friday, February 22, 2019 and decisions will be mailed on or before March 10. Applications received post-deadline will be reviewed on a rolling basis.
